Case No. AP-79-05

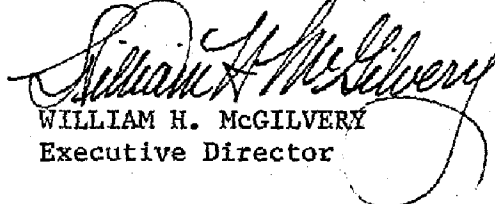

Order No. 2015, served August 7, 1979, inter alia, required applicant "to file with the Commission . . . notice that its equipment is properly outfitted with wheelchair tie-downs and safety equipment and is available for inspection . . ." within 45 days, ". . . or such further time as may be authorized." By Order No. 2035, served September 18, 1979, the Commission granted an extension of time for compliance with the requirement.

By petition filed October 30, 1979, applicant requests an additional 30-day extension of time to effect compliance. Ms. Murray states that she needs the extra time either to amend a contract entered into for the lease of equipment inasmuch as the initial contract fails to meet the requirements of Commission Regulation No. 69, governing the leasing of motor vehicles, or to purchase equipment from another source.

For good cause shown, applicant's time for compliance will be extended through November 29, 1979. In all other respects, Order No. 2015 will remain in full force.

IT IS SO ORDERED.

FOR THE COMMISSION:

WILLIAM H. MCGILVERY
Executive Director
